Storyboard

(also in BW)

Circle map (also in BW)

2 rhyming worksheets (also in BW)

Match the picture/word with the one that rhymes.

A tortoise is a turtle, but not every turtle is not a tortoise. What does that mean?

But a tortoise is a special kind of turtle that lives only on the land.

17 pg. non-fiction story

Tortoises hatch from eggs.

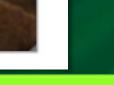

But, sometimes I have to make a choice all on my own.

Which choice is safer?

- Walking away and finding a safe place
- Going somewhere with a stranger

Sorting Activity (also in BW)

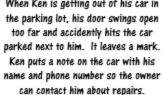

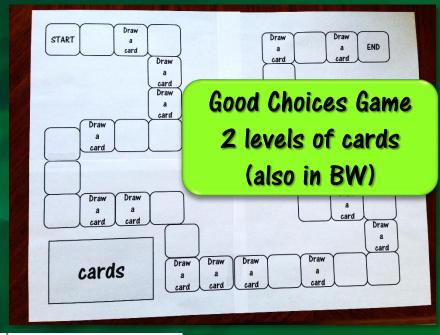

Gina is walking home from school with her friends. They see some other kids being mean to a smaller girl in the park. They walk over to the park and find a Mom to ask her to help the smaller girl.

including a take home quiz. His sister took the same class last year. He looks in her desk, and finds the same quiz she took last year. He quickly copies the answers before she gets

Jill really wants the newest shade of lipstick in the drug store. She does not get her allowance until Friday. No one is at the cash register, so Jill slides the lipstick into her pocket and walks out of the store without paying

Jeff is walking home from soccer practice. It is still daylight. He is listening to his music with headphones. He has the volume turned up so loud, that he cannot hear the traffic or other people. He cannot hear someone coming up behind him.

It is getting late and Billy's favorite show is having a marathon. He has watched 4 episodes already and now it is the time he normally goes to bed. Even though he really wants to keep watching his show, he decides he should head to bed.
