Day 1

 - Place the letter cards on various things around the room that start with the letter of the week
- **Directions**
 - Have students walk around looking for items that start with the letter of the week
 - Once students find the letter label, they should attempt to name the item they have found
- **Differentiation**
 - For students that need more structure, give them a piece of poster board with blank spaces to show them how many letter cards they should try to find
 - For students still struggling, have pictures of what items they are to find and see if they can match the object that starts with the letter to the picture
- For *5 different ways to do a scavenger hunt*, check out this blog post with free hunts to download:

Pick up the Plates

 - Print out letter of the week pictures and “distractors”
 - Attach letters and pictures to inexpensive paper plates
- **Directions**
 - Spread the paper plates around the classroom or work area on the floor
 - You can choose to either place them upside down for variation 1 or right side up for variation 2
 - Variation 1
 - Students take turn picking up a plate and bringing it back to their seat
 - The student gets to keep the plate if it is the letter of the week or a picture that begins with the letter of the week
 - Whoever has the most plates at the end of the games wins
 - Variation 2
 - Student looks at plates and tries to only pick up one that has the letter of the week or a picture that begins with that sound
 - Student gets to keep the plate if correct.
 - Whoever has the most plates at the end wins
- **Differentiation**
 - For students that need more structure, color code the letter of the week and the pictures that start with that letter the same background color. That way students are looking for a color as a cue to the correct answer.
 - Or, eliminate the distractors all together
