Day 1

 - Place the letter cards on various things around the room that start with the letter of the week
- **Directions**
 - Have students walk around looking for items that start with the letter of the week

 - For students that need more structure, give them a piece of poster board with blank spaces to show them how many letter cards they should try to find
 - For students still struggling, have pictures of what items they are to find and see if they can match the object that starts with the letter to the picture
- For *5 different ways to do a scavenger hunt*, check out this blog post with free hunts to download:

 - Spread the paper plates around the classroom or work area on the floor
 - You can choose to either place them upside down for variation 1 or right side up for variation 2

 - Students take turn picking up a plate and bringing it back to their seat
 - The student gets to keep the plate if it is the letter of the week or a picture that begins with the letter of the week
 - Whoever has the most plates at the end of the games wins
 - Variation 2
 - Student looks at plates and tries to only pick up one that has the letter of the week or a picture that begins with that sound
 - Student gets to keep the plate if correct.
 - Whoever has the most plates at the end wins
- **Differentiation**
 - For students that need more structure, color code the letter of the week and the pictures that start with that letter the same background color. That way students are looking for the correct answer.
 - Or, eliminate the distracters all together

Day 3

The paper plate game gets kids up and moving around.

Apple Tree Craft

- There are a lot of options when it comes to making crafts with trees. This craft, however, is specifically designed for students with severe disabilities to enable them to complete it as independently as possible.
- Print template onto cardstock
- Have students tear up pieces of brown and green tissue paper or construction paper into small pieces.
- Spread glue onto trunk and tree. Have students place torn pieces in correct location
 - Outline trunk in brown and tree in green to increase visual support
- Using a q-tip or eraser end of pencil dipped in red paint, have students add apples
- Cut out letters to spell tree at bottom of page
 - If students are not ready to spell, write letters in blank boxes so students are letter matching rather than spelling
